

The Albion-Marshall Connector

Service Overview

The AMC is a curb to curb driving service that helps members of the Albion and Marshall communities travel back and forth between the Cities for a variety of reasons. **The bus travels between both communities daily on a set schedule.** The bus is lift-equipped and ADA accessible.

The AMC is primarily used for transporting passengers between Albion and Marshall, however **Albion residents may use the AMC for transportation within the City of Albion for medical appointments** (including the Albion Dialysis Center.)

Scheduling Information

In Marshall, the AMC picks up within City limits and a one-mile radius outside City limits. In Albion, the bus picks up only within City limits.

Reservations are made on a first-come, first-serve basis. There are a limited number of passengers on each trip in order to stay on schedule. We recommend you schedule your appointment as far in advance as you are able.

Due to the nature of the schedule, riders are given a twenty minute window for pick-up times. The driver can arrive at any time during that window and **only waits three minutes for the passenger to arrive at the bus** before leaving the location.

Payment Information

Fares must be paid when passenger boards the bus, no exceptions. Cash or tokens accepted as fares. Please have the exact fare, drivers do not carry cash. If you overpay, **you will receive tokens as change for future use.** Tokens are available for purchase at Marshall City Hall and from drivers.

One-Way Fares:

- **\$2.00** Adults/Children 13+
- **\$1.00** Disabled/Seniors 60+/Children age 5 to 12
- **Free** Caretakers/Children under 5 with a paid rider
