SUBJECT: Watermain Lining Project Update and Response Requested!

Dear Resident,

The City of Marshall's contractor is scheduled to begin the lining of the watermain that runs within your property around the week of April 21, 2025. The work will be performed by a contractor hired by the City, Fer-Pal, and is expected to be completed within a two-week timeframe. The work will be performed by Fer-Pal and their subcontractor, Hoffman Brothers. As shown in Figure 1 to the right, the watermain segments being lined run from the Cosmopolitan Avenue cul-de-sac to North Madison Street. Please note that the watermain is located within a City of Marshall utility easement and all work will be performed within said easement area. Using a cured-in-place pipe lining technique, the project will rehabilitate a cast iron watermain installed in the 1950's without requiring open trench excavations.

For any disruptions to your property, the City will notify you at least two days before the work occurs. Following the Watermain Lining Project, the Watermain Replacement and Road Reconstruction Project will commence on Cosmopolitan Avenue from North Drive East to the cul-de-sac. The City will provide additional details about the Watermain Replacement project before construction begins later this spring.

A City of Marshall webpage has been created for this project at <https://www.cityofmarshall.com/362/Cosmopolitan-Street> where updates on the project status will be posted. Residents, property owners, and interested community members are also able to sign up for construction specific email or text notifications on the City's website at <https://www.cityofmarshall.com/list.aspx>. We apologize in advance for any inconveniences caused by the construction. Please contact us with any questions or concerns.

Sincerely,

Marguerite Davenport, PE
